### **DETAILED ACTION**

### **Priority**

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

## Claim Rejections - 35 USC § 112

- 2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

  The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
- 3. Claims 1-6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims recite "A type weighted block" and "B type weighted block", which render the claims indefinite.

Although, these terms are mentioned in the specification, nowhere clearly defines them such that one of ordinary skill in the art would understand the claim invention.

#### Conclusion

4. This application is in condition for allowance except for the following formal matters:

The rejection under 35 U.S.C. 112, second paragraph, to claims 1-6.

Application/Control Number: 10/042,398
